Mutt Precious Parents; Fri. 24th

Your card came to-day. Truly repent our long overdue silence. Our dear babies are not very big as many old, but they require a good deal of attention. And, you know how I love babies! These are exceedingly adorable.

Ray & I made two round-trips to Cincinnati, one to Tulsa, returning via of Siloam Springs, Winslow, etc., then one week at our church District Council held at Camden, Arkansas. We spend so much time in visitation work. Dorothy does most of the housekeeping - we both do the cooking, dish-washing, & laundry. She tried working out for a couple of weeks but it did not prove very satisfactory.

Norman had been very ill. Had missed 2 weeks of school work. He works 35 hours each week outside of school hours. Some friends are caring for him. They have him in their home now. We phoned & talked to him. He was improving. Love & X's Helen.
